In addition to the greatly appreciated cash contributions of \$110.00, significant magazine contributions

have been made by Mr. and Mrs. John D. Adams (LIFE and TIME), Mr. Walter Dwyer (Conservationist) and the Hopkinton Woman's Club (Scientific American). Without the help of the Friends of the Library, service would have to be drastically cut or appropriations materially increased. Especially noteworthy is the assistance given the Librarian during the Wednesday afternoon rush by children, by Mrs. Alton Kimball.

LOG OF THE HOPKINTON
FIRE DEPARTMENT

From Nov. 1, 1963 to Oct. 31, 1964

56 calls were received for the following:

- 10 chimney
- 7 buildings
- 19 grass and brush, 5 known set by lightning
 - 1 tree caused by power line
 - 1 saw mill slab pile fire
 - 1 call for smoke from logging operation
- 4 vehicle fires
- 1 clothes dryer
- 3 faulty heating systems
- 1 house struck by lightning
- 2 rubbish fires one by halloween pranksters
- 1 stood by at Warner for Bradford fire
- 1 stood by at the dump while pump was repaired
- 1 television set afire
- 1 deliberate false alarm
- 1 double drowning
- 1 water pump struck by lightning

We received mutual aid from Warner, Webster, Henniker, Bradford, and the Penacook Rescue Squad.

Aid was sent to Warner and Webster.

Stood by at the Hopkinton and Contoocook stations Halloween night. While on duty a power failure occurred rendering the alarm system inoperative. During this time we responded to a fire set by pranksters in Georges Park.

2 calls for the resuscitator were received.

Fire calls increased by 12 over the previous year.

The ambulance made 73 runs, an increase of 25.

A total of 40 men participated in 2 15-hr. classes of fire suppression and 1 15-hr. ladder class.

A 4 wheel drive vehicle was received from the N. H. Forestry Division and many hours went into installing a pump and tank to build a forest fire truck.

HOPKINTON VILLAGE PRECINCT

Annual Report of Precinct Commissioners

Again in 1964 the most significant Precinct programs have been in connection with our new water works system. The new well and main connecting it to the existing system at the Village square were placed in service during the month of May and during the remainder of the year subscribers to the system enjoyed to the full the blessings of an abundant supply of a good quality water available at much improved pressures. We were particularly fortunate that when the new water source was connected with the old mains, the latter proved able to handle the pressures at which the system was designed to operate. Thus, the plan to operate the new system temporarily in conjunction with the old one until we can comfortably afford to finance further improvements proved feasible.

Almost before the new gravel-packed well and main had been completed, the Water Board received requests for installation of an extension down the South Road where no main had previously existed. The Board investigated the matter carefully and at length decided to install a 2600 foot extension in this area, commencing with a short stretch of eight-inch main with the balance six inches. This extension was placed in service in December although the final clean up of the contract will not be completed until the spring of 1965.

The past year was a year of extraordinary drought, and during the late summer and fall many thousands of gallons of water were pumped from our hydrant into Town fire equipment and delivered to homes around Town where wells had failed. The Water Department received no compensation of any sort for any water supplied by it for Town purposes since there had been no such appropriation requested of the Town at the 1964 Town Meeting. Since our hydrant at the square

is designed and intended to provide a well-located water source to fill equipment for use throughout the Hopkinton Village side of the Town, we are confident that the 1965 Town Meeting will provide for reasonable compensation to the Precinct for this service in the future.

In this report last year reference was made to the need for planning to replace the present Hopkinton Village Fire Station. This station has been condemned by the New Hampshire Board of Underwriters, and there is simply no economical way of renovating it. The Board of Precinct Commissioners has investigated the cost of erection of a substitute modern station, and proposes that the Precinct proceed to construct such a building, entering into a long-term lease with the Town to provide for its financing. Since the purpose of such a building would be primarily to house Town fire apparatus and equipment, rent by the Town should amortize the bulk of the annual expense involved, but the Board contemplates that some fraction of such annual cost might be borne by the Precinct based upon the extent of any special Precinct use proposed to be made of it. Any such arrangement would evidently be of advantage to both the Town and the Precinct.

During the present winter the Precinct has been active in endeavoring to maintain a community skating area at the Frog Pond. In this respect we particularly would acknowledge the devoted efforts of Walter Dwyer in soliciting funds from many cooperative donors through the Hopkinton Improvement Association to provide for installation of a hydrant along the new South Road main extension favorably located relative to the Frog Pond and which is hence available to flood this area.

The Zoning Board of Adjustment had two hearings during 1964. In each case variances were granted to permit construction somewhat closer to property side lines than the minimum stated in the Ordinance. On

the whole, the Ordinance continues to work reasonably satisfactorily although it may be that sufficient experience has now been accumulated that it should be re-studied to see whether there are any respects in which it should be revised or modified.

ANNUAL REPORT OF THE
POLICE DEPARTMENT — HOPKINTON

Year Ending December 31, 1964

The year 1964, the first year that Hopkinton maintained a full-time police officer, produced a number of accomplishments:

Conducted regular patrols, day and night, on a random schedule

Answered and investigated a great variety of calls and complaints (see table)

Attempted to reduce accidents and criminal activities

Improved highway safety by erecting signs and markers

Made 24-hour telephone service available through the Blue Phone network

Conducted education for all officers, with courses in Henniker, Hopkinton and St. Anselm's College.

Radar speed checks, with the cooperation of the State Police

Set up an office in Town Hall, and a complete records system.

Established close relationships with the police departments of neighboring towns and the State Police

Worked with youth to help solve their problems, and established coasting hills

Participated actively in planning for the Community Center in Columbia Hall

Lectured to church and social groups regarding safety and juvenile problems

Established a pistol practice range for the police department and civil defense.

This department took 141 cases to Concord District Court, yielding fines of \$2470 to the Concord Court. None of this money reverts to Hopkinton at present; we are working with our legislators to introduce an act to provide for part of the fines to be paid in to the Hopkinton town treasury, to help support the police activities in the town.

It is most important that the citizens of Hopkinton concern themselves with problems of youth, and take an active part in helping to solve these problems. Parents of teen-agers can help particularly by knowing at all times where their youngsters are and what they are doing.

All residents should feel free to call this Department, on the Blue Phone, 746-4211, in case of any problem where the department might be helpful, and for information on police matters.

RONALD D. DANIELS, JR.,
Chief of Police

ANNUAL REPORT, CIVIL DEFENSE

Year ending December 31, 1964

During 1964 the Civil Defense department continued its efforts to provide equipment in the Town for use in emergencies, and to train auxiliary personnel to be ready to serve when needed.

The radio system, consisting of citizens' band radios, is virtually complete, with equipment installed in the Fire Station, Ambulance, Police Cruiser, High School and Martin School, Town Hall, two police dispatching locations; permanent antennas have been installed. The system is used daily for police work, and it is kept in top operating shape.

We purchased helmets, tools, portable loudspeaking units, surplus electronic and mechanical items, first aid supplies and equipment, equipment for police auxiliary, rescue squad, in addition to communications equipment.

Six meetings were held, for the public and for the Civil Defense staff; a drill was held in May, with a simulated tornado causing fires, collapsed buildings, injuries, and auto accidents. The full CD staff participated, with the operating center at the Contoocook fire station, and the medical aid station at the Hopkinton fire station. While we have a long way to go, in training and equipment, to prepare for a big emergency, the drill showed that we have a considerable ability to handle small to medium situations.

A public shelter has been licensed at the Hoague-Sprague plant in West Hopkinton, with the full cooperation of the management, and supplies of food and water are expected early in 1965. The shelter will accommodate 262 persons, and plans are being made to assign the nearest residents to the shelter. A second-

class shelter is available in the downstairs corridor of the High School.

The Civil Defense department always needs interested helpers — those who would care to work in this vital area are encouraged to volunteer. Speakers and films are available to groups.

B. B. PAINE

Civil Defense Director

SELECTMEN'S REPORT

It has seemed to the Board of Selectmen that it might be of interest to the people of the Town for us to submit a brief textual report concerning our administration of the Town's affairs during the year. This is the purpose of the following comments which are no doubt incomplete but which may yet be helpful to inform the Townspeople as to some of the more important matters which have been the subject of our attention.

At the Town Meeting in 1964, the voters adopted for the first time a zoning ordinance regulating various aspects of land utilization throughout the Town (with the exception of within Hopkinton Village Precinct which continues to be governed by its own previously enacted ordinance). Under the Town Ordinance the Board of Selectmen is constituted as the Zoning Board and is given initial responsibility for the issuance of all zoning permits (subject to a possible appeal to the Board of Adjustment). During the year we passed upon many routine applications for building permits, and such permits were duly issued. On the other hand, there were also a great many applications filed with us for trailer and mobile home permits, and these we felt obliged to reject in every instance for we do not deem that the Ordinance gives us discretion on this matter. A few complaints were also submitted to us with respect to alleged improper land use, as for unauthorized signs or unsanitary sewage arrangements. All of these matters were investigated. A year of experience has made it clear to us that the enactment of a zoning ordinance is only a start toward a solution of the problems at which such an Ordinance is directed, and effective administration is a difficult and time consuming responsibility. Of this fact we are certain: A fair and workable ordinance depends upon reasonable give and take among all concerned and a desire of the Townspeople generally to cooperate in willing compliance.

During the spring and early summer the Selectmen examined a great deal of new construction to determine its proper evaluation and assessment for tax purposes in relation to other properties already on the tax rolls. We also reviewed assessments of many existing properties and made numerous adjustments where we felt that revisions were required to eliminate unfairness. The proportionality factor which we employed during 1964 was fifty per cent of our estimate of full market value. If a property has actually been recently sold, sale price of course provides a significant indication as to market value although we have not in every case regarded it as conclusive. Where a property has not been recently transferred, we must evaluate it according to our best judgment. When not familiar with a particular piece of property, we must ask the cooperation of the owner in permitting us to examine it. Although this is our duty, there have been a few cases in which we have felt that our welcome on such visits has been a little less than cordial.

The amount required to be raised by property taxes for town, school and county purposes during 1964 was \$359,111.37, an increase of about \$26,000 over the prior year when the corresponding amount was \$333,112.62. Unfortunately, the increase which we were able to make in total assessed valuation in Town, which was in the amount of \$356,110 to a new total of \$6,412,703, was not sufficient to provide the necessary additional revenue without an increase in tax rate. Hence, the 1964 rate rose to \$5.60 as compared with \$5.50 in 1963. While we were disappointed that an increase was necessary, one may take some satisfaction in the fact that the rise was no more than two per cent.

During 1964 the Town Road Aid project for surfacing the road across Beech Hill was completed and plans for 1965 call for commencing the improvement of Kearsarge Street. An extensive project for renovation of the West Hopkinton covered bridge was budgeted in 1964

and has been completed during the winter since the first of January, 1965. Another difficult road problem which arose during 1964 had to do with the grade of proposed new public roads in an extension of the Woodwell's Garrison development in Contoocook. The Board of Selectmen has been concerned to protect the public interest by withholding acceptance of roads and streets with excessive slopes, but the problems of defining the limits of a reasonable slope are difficult. We have been grateful for the cooperation of the Town Highway Committee in working on this problem. During 1965 we face another major bridge expenditure, estimated at \$8,000, for necessary repair and renovation of the bridge across the Blackwater River on the Penacook Road.

Pursuant to vote of the 1964 Town Meeting, the Selectmen employed a full time police chief as of April 1, 1964 in the person of Ronald Daniels, Jr., and he was provided with a Town-owned police cruiser. The latter, a Ford automobile fully equipped with all standard police equipment, was purchased through the State of New Hampshire under a mass buying program for the State police and any interested towns, for \$1,878.

The Town owes a continuing debt to the members of our volunteer fire department. On the whole, we were fortunate in not having too many bad fires during 1964. An unusual feature of the Department's activities last year was the delivery of thousands of gallons of water out around the Town to homes where wells had failed as a result of the prolonged drought. During 1964 most of the requirements imposed upon us as a result of an inspection of our fire stations, apparatus and equipment by the New Hampshire Board of Underwriters were complied with. A new pumper is in service at the Contoocook station and the old pumper from Contoocook has been shifted to Hopkinton Village, various requirements with respect to the Columbia Hall station have been met, and as a further conveni-

ence at the latter, a two-inch water service was brought directly into the building last year. On the other hand, the Hopkinton Village fire station remains a continuing problem and action should be taken as promptly as possible to provide proper housing for our equipment in this area. A proposal in this respect will be submitted to this year's Town meeting.

During 1964 the Board of Selectmen appointed a committee to develop plans for celebration of the two hundredth anniversary of the incorporation of the Town of Hopkinton which occurred on January 11, 1765. This committee has held many meetings, numerous subcommittees have been created, and plans are now well advanced for a bicentennial celebration to be held this summer over the weekend of July 9, 10 and 11. We feel that Hopkinton is blessed with an unusual historical heritage of which it is well for us to be reminded. Hopkinton began as a scattering of settlements by hardy pioneers in Indian country, but prospered rapidly so that as early as eighteen hundred our population had reached two thousand. Our farms were rich and productive, our trade and commerce busy, our contributions to civic and cultural life of the state considerable. At the time that the location of the State capital was to be fixed, it is said that Hopkinton failed of the choice by a single vote. Still today, our major local industries typically produce products designed and developed by the ingenuity of local people.

From a civic standpoint, the value of our heritage is not sentimental but practical, for it should assist us to devise intelligent and resourceful solutions to the problems which we face today and can foresee for the future. In terms of Town finances, this means sensible advance planning to identify necessary purposes for which Town money must be raised and appropriated and then the development of economical means to meet these necessary purposes. To raise the money required, the tax

base of the town must be fully identified and the burden of the necessary expense fairly distributed. Your Board of Selectmen serves you in this spirit.

Respectfully submitted,

HOPKINTON SCHOOL DISTRICT

REPORT OF ANNUAL SCHOOL MEETING

March 10, 1963

The annual meeting of the Hopkinton School District was held in the Town Hall, Hopkinton, N. H., March 10, 1963.

The meeting was called to order at 7:55 a.m. by the moderator Francis X. Gardner.

An attested copy of the School Warrant was read by the moderator.

Article I

The moderator declared the polls open from 8:00 a.m. until 6:00 p.m. for the election of a moderator, a clerk, a treasurer, and a member of the school board for three years.

Article II

William Sterling offered the following resolution and moved its adoption:

Resolved: By Hopkinton School District in School Meeting convened: That this meeting shall recess and shall reconvene on Wednesday, March 11, 1963 at 8:00 p.m. at Hopkinton High School.

The resolution was adopted in the affirmative.

The annual meeting reconvened at Hopkinton High School auditorium at 8:00 p.m. on March 11, 1964 with Francis X. Gardner as moderator.

After calling the meeting to order, the moderator declared the school officers elected. The chair then declared a five minute recess in preparation of the warrant articles. The meeting then reconvened, and the following business was transacted.

Article III

The chair recognized Stanley White who offered the following resolution and moved its adoption.

I move that Hopkinton School District in School meeting convened accept the reports of agents, auditors, and officers as printed in the town report, errors and omissions excepted.

The chair recognized Clifford Phelps who offered the following amendment and moved its adoption:

I move that after the report of the School Planning Committee is given we consider the remaining articles in the warrant in the following order:

Article VI, Article VII, Article III, Article IV, Article V, Article VIII, and Article IX.

The amendment was adopted in the affirmative.

The question on the article was then adopted in the affirmative.

Mr. Charles Douglas, chairman of the Planning Committee then read the committee's report and discussed plans for an addition to the Maple Street School. Further discussion of this report to be taken under Article VI of the warrant.

Article IV

The chair recognized Barbara Ellsworth who offered the following resolution and moved its adoption:

I move that Hopkinton School District in School meeting convened elect the town auditors as auditors of the Hopkinton School District, and authorize the duly elected officers of the Hopkinton School District to appoint such agents and committees as are necessary.

The resolution was adopted in the affirmative.

Article V

The chair recognized Leslie Townes who offered the following resolution and moved its adoption:

I move that Hopkinton School District in School meeting convened raise and appropriate the sum of \$318,787.00 for the support of schools, for the salaries of school district officials, agents, and employees, and

for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as may be received from any state or federal program, including the Sweepstakes, for the support of public education. The School Board to certify to the Selectmen the balance between estimated revenues and appropriation, which balance is to be raised by the taxes of the town.

The chair recognized Earl Rice who corrected the moderator and the moderator then declared the article out of order as the house previously voted to take up Article VI before Article V.

Article VI.

The chair recognized Betty Pope who offered the following resolution and moved its adoption:

I move that Hopkinton School District in School meeting convened vote to authorize and direct the School Board to build a four room addition to the Contoocook Grade School and to equip and furnish and grade the same, and to enter into all necessary contracts in the name of Hopkinton School District for design, construction and equipment of such addition: to raise and appropriate (\$50,000) for a four room addition and for this purpose to authorize the School Board to borrow in the name of the district fifty thousand dollars (\$50,000) and to execute and issue as evidence of such indebtedness in serial form, notes or bonds of the school district under and in accordance with the applicable laws of the State of New Hampshire, including the Municipal Finance Act, as amended, and to delegate to the School Board authority to fix the date, maturities, denominations, interest rate, or discount rate in the case of notes, place of payment, form and all other essential matters and details of said bonds or notes and providing for the sale thereof.

The chair recognized James Weast who offered the following amendment to Article VI and moved its adoption:

That the School Board build a six room addition to the Maple Street School, the remaining of article to read the same.

Discussion followed and Mr. Weast agreed to raising the figure for addition to \$75,000. Mr. Weast then made a request to poll the house. To save time, the chair suggested a raised hand vote. The house voted negative and the chair ruled the amendment to the motion lost.

Lengthy discussion followed after which the chair declared a three minute recess.

Article VII

The chair recognized Harry Parker who offered the following resolution and moved its adoption:

I move that Hopkinton School District in School meeting convened authorize the creation of a Cooperative School District Planning Committee of three persons, including at least one member of the School Board, to study the feasibility of the Hopkinton School District becoming a part of a cooperative school district and report to the next annual meeting; such committee to have all the powers of a planning committee under state law: and three persons for this committee to be appointed by the moderator.

Chair recognized Mary Ann Lewis who offered an amendment relative to the foregoing and moved its adoption. The chair ruled the amendment out of order.

The resolution was adopted in the affirmative.

The chair then referred to Article VI stating that the poll of the house was as follows:

Total votes cast 294 — 204 no — 94 yes.

The resolution was lost.

After a 2 minute recess, the chair then proceeded to Article V previously declared out of order.

The chair recognized Leslie Townes who offered the following resolution and moved its adoption:

I move that Hopkinton School District in School meeting convened raise and appropriate the sum of \$318,787.00 for the support of schools, for the salaries of school district officials, agents, and employees, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as may be received from any state or federal program, including the sweepstakes, for the support of public education. The School Board to certify to the Selectmen the balance between estimated revenue and appropriation, which balance is to be raised by taxes of the town.

The resolution was adopted in the affirmative.

Article VIII

The chair recognized Fred Ames who offered the following resolution and moved its adoption:

I move that Hopkinton School District in School meeting convened authorize the School Board to make application for and to receive in the name of the district such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming for the U.S. Government and/or State Agencies.

The resolution was adopted in the affirmative.

A rising vote of thanks was given to Roy Cluff for his six years of service on the school board.

The moderator announced the following duly elected School District Officers:

Total number of votes cast: 872

For Moderator:

Frank Gardner

For Clerk:
Olive Moyer 634

For Treasurer:
Elizabeth Nystrom 651

For Member of the School Board for three years:

HOPKINTON SCHOOL DISTRICT

REPORT OF THE SUPERINTENDENT OF SCHOOLS

There have been many changes in the Hopkinton School program over the last ten years. Considerable improvements have been made in the organization and curriculum. These changes have been possible because 1. We have always had the type of people in our community who wanted and were willing to pay for good schools. 2. We have had a loyal corps of teachers dedicated to the promotion of good education and 3. Our enrollment has increased steadily so that we have been able to broaden our curriculum. Each year by the very force of these increasing numbers we have been able to improve our curriculum, yet we have also been restricted by our enrollment. If I seem to contradict myself the following will clarify this. When I first came to Hopkinton we had about forty-five pupils in Grades 9-12. We now have 200 pupils. It is obvious that we can do more with 200 pupils than we could with 45. It is just as obvious to me that with 400 pupils we can do that much more for curriculum offerings and class divisions.

Our school budgets continue to increase as the increased enrollment puts more demands on us for additional teachers, housing, supplies and services. This increase would continue to some extent if we had no increase in enrollment. However, we have been increasing in school population at the rate of 40-50 pupils a year. This means that on the average we would have to add two teachers a year and two classrooms a year, with the added cost of operating these classrooms, it also means at the high school level our special areas become overcrowded. Good examples are the Science rooms, cafeteria and locker-shower rooms.

At the last school district meeting the proposal to add four to six class rooms at the Contoocook Grade School was defeated because people were interested to know what was going to happen to the Cooperative Study. The study was adopted, but the school board was left with the dilemma of putting eight classes in a six classroom building. This was accomplished by putting the sixth grade in the activity room and the other classroom was provided by tearing out a wall between the teachers room and the Principal's office. Neither of these rooms are satisfactory, but they are a place to put children. Next year we are going to have to provide one more classroom at the Contoocook Grade School. If an addition is not built this classroom will also have to go into the activity room or in some space outside the school. We should add six rooms onto the Contoocook Grade School as soon as possible.

Many of the changes which have taken place in our school program have been in the high school area. We have a full time high school principal with secretarial assistance so that he can, as he should, devote more time to Administration and Supervision of his staff. We have a Guidance teacher, who spends some time with the elementary program, but the large percentage of his time is devoted to high school. We also have a physical education program in the high school.

In addition we have been adding courses to the high school program, but the large majority of these courses have been geared to the student who will be taking further education beyond high school. We need to expand our high school to better meet the needs of those pupils who are not going to a college, technical school or nursing school. We also have reached the point where we need a full time elementary principal to carry on the administration and supervision of the elementary program. At the present time we have two people designated as elementary principals, but they also have full

time teaching programs. It is my firm belief that a full time elementary principal for both buildings would be a major step in improving our elementary program. We have 379 pupils in the elementary schools and 316 pupils in the high school, so I believe we can justify, on the basis of numbers and on the basis of need, this new position. The school board has provided for this position in their budget. We have also budgeted for another teacher at the Maple Street School (splitting next year's third grade) , and another high school teacher in the English-Social Studies field.

This year for the first time we have used the Child Safety Council material to assist in cutting down the number of home accidents. This type of accident is increasing at a great rate. It will be helpful if the parents review with their children the materials which they bring home.

There are going to be a great many changes in the organization of New Hampshire schools in the next ten years. Hopkinton will have to adjust to these changes and will have to make vital decisions that are going to affect the well being of their children. Let us hope that you will get the facts so you may make the right decisions.

Of the above students, 19, or 55%, have gone on to further their education, 32% at four year institutions. These students are attending such places as Champlain College, Keene State College, Cooper Union, Dartmouth, University of New Hampshire, New England College, Neighborhood School of the Theatre (New York City), Concord Hospital School of Nursing, Wentworth Technical Institute, Kalamazoo College, Vermont College, Endicott Junior College, and the University of Arizona. Of the remaining graduates, 13 are gainfully employed, one is at home, and one is in the armed services.

The school year 1963-64 was a typical one. Hopkinton High School was approved as a comprehensive high school meeting all the minimum standards but one — a second offering in mathematics for those students who terminate their formal education with graduation. It

should be noted that the use of the school library has increased to such a degree in all areas that it has become an integral part of the learning process. We are constantly adding to this facility by way of reference books and other pertinent material. In the field of mathematics Hopkinton High School placed thirteenth in the state-wide mathematics contest, being exceeded by five private schools and seven of the state's largest high schools. The Industrial Arts offerings in the areas of Woodworking and General Metals have been expanded and intensified. In the Social Studies area, a most realistic Republican convention was staged by the history classes. This project was entered in a state citizenship contest, sponsored by the Sears Foundation, and received a \$200 award. This money was used in the purchase of an overhead projector. This year saw Hopkinton High School become the Class S state basketball champions and in the Fall the State Soccer champions.

The school year 1964-65 opened with several new faces on the faculty: Miss Charlotte Audet — French; Mrs. Hilda Chandler — Girls' Physical Education; Mrs. Elizabeth Douglas — English; Mr. Francis Muzzey — Mathematics; Mr. Alan Rannisto — Science and Mathematics; and Mr. Percy Wilson — Science. We have added the second year of Mathematics for terminal students thus meeting all minimum standards. Calculus, advanced chemistry, and French IV have been added to the program of studies.

We are constantly aware that we must seek ways and means to improve the curriculum. This always means additional expense and you, the people, must determine whether it is worthwhile. I feel that we should do more for the student who does not go beyond high school. This might be done in the areas of Vocational Education, Business Education and/or General Education. We could improve in the science area if all

science courses were held in adequate facilities. Consideration should be given to three divisions in many subject-matter areas, particularly in the junior high. Our locker-room and shower facilities should be increased. All this means additional teachers and rooms. I am certain that the people of Hopkinton will meet the challenge. It is indeed a pleasure to work in a community that is actively concerned about the education of all its children.

Respectfully submitted,
WILLIAM H. MILNE,
Principal
